

D. MacGregor Passed Away Terrace Mourns

Last Monday week a crowd of friends saw Dan McGregor off from Terrace to Rupert; Thursday they were mourning his death as that of one who was deeply respected and worthily popular. He had been in failing health some time and had been in hospital several weeks early this year but could not resist the temptation to return to Terrace for a time.

A native of Cornwall, England, he was born in 1878 and emigrated at an early age. He came to Terrace about 1910 as foreman at Little's tie camp. After some time he went to the Fraser Valley and homesteaded, but the call of war drew him and he served for a long period, first with the 30th Batt. and then in the 16th under Col. Peck. Winning his captaincy, he served in other units and was later wounded.

About Christmas, 1919, he was married to Miss Elsie Guv, in Victoria, and with his wife came back to Terrace, where he became manager of Geo. Little's store, and later was accountant to Mr. Little. There was one child, a little girl now two years of age.

Deceased was a member of the G.W.V.A. and also of the Odd-fellows Lodge, both of which bodies took an active part in the funeral arrangements.

Geo. Little was away on business when the end came and his brother Abe went down to Rupert and received the body from the B. C. Undertakers and took it to Terrace on Saturday night. The remains were removed to the Veterans' hall, where they lay overnight draped with the new flag recently acquired by the club—and this its first duty.

Service was held in the Hall on Sunday, conducted by Rev. T. J. Marsh, who spoke with deep feeling of the many fine characteristics of the departed brother, and told of several striking incidents which revealed his self-sacrificing nature.

The music for the service was specially selected from old favorites of the deceased, Dr. Bleeker presiding at the piano and playing the "Dead March in Saul." The opening hymn was "Unto The Hills"; Mrs. Munro sang "Face to Face," and the concluding hymn was "One Sweetly Solemn Thought," of all which he was especially fond.

After the conclusion of the Anglican service the Odd-fellows' funeral service was read by Rev. J. H. Young and A. C. Fowler the members forming around the coffin and singing "Abide with me."

The body was removed to an

Fifteen Years at Terrace

On March 16th Rev. T. J. Marsh celebrated his fifteenth year as resident minister in this district. He originally arrived at Copper City by dog team, having come in from Kitimat. A few days later he moved to Kitsumkalum, where he established his first mission. Rev. Mr. Marsh has seen many changes during his stay here. When he arrived there were hardly a dozen settlers in the whole district.

The Prince George Leader announced in its last issue that after March 19th, an amalgamation of the Leader and the Prince George Citizen would be effected. The object in view is to give a better paper to the district and to better serve the district.

Eggs are dropping in price and are now selling at forty cents and will go lower.

Trade Increase Prices Increase Times Better

Keep track on the way you are travelling. Some ways are good, others bad; some clean and pretty, others drab and dirty; some lead up others down.

There is a way in commerce just as there is in growing potatoes or milking cows. Just now the way is tending upward though not necessarily to pure atmosphere.

Dun's Review of business conditions shows clearly that prices are mounting up. In the middle of 1921 you could buy all you needed for a year's supply for \$159 but now it costs you \$191, a jump upward of nearly 20 p. c.

Last April the figure was \$166, but since then the animal, or whatever it may be, has just dug in its toes and determined to mount upward. The rise as compared with a year ago is 12.6 per cent; that is, what cost \$8 a year ago now costs \$9—with one exception, meat, that is down six per cent, yet foodstuffs as a whole rose in price during the year 3 1-2 per cent.

The general statement is troublesome for the housewife, but the best part of it is the part which states that "it is nearly everywhere recognized now that business, with comparatively few exceptions, is experiencing rapid expansions."

Radio

The conditions encountered in this country for receiving broadcasting programs are at times very exacting and require a radio receiving set which is capable of detecting the very minute signals from distant stations. To meet these exacting conditions a radio receiving set has been developed having two stages of radio-frequency amplification ahead of the detector tube. This receiving set is very sensitive and will receive broadcasting stations at much greater distance than ordinary sets. This method of amplification is far superior to audio-frequency amplification since the presence of signal distortion and tube noises are entirely overcome. With years of experience and much experimenting with radio apparatus we are able to judge the proper equipment for the best reception so far away from a broadcasting station as we are. We are receiving daily speech and music from Portland, San Francisco, Los Angeles and other stations with our set located at Terrace. We can supply the best of receiving sets and parts, and when you buy through us you have the benefit of our experience.

St. Patrick's Day Tea

The Mission House, Hazelton, was the scene of the Women's Auxiliary St. Patrick's Day Tea, which has become an annual event with that body. It was an exceedingly pleasant affair and one which will swell the auxiliary's funds by over \$100. The ladies in charge were kept busy early and late, and the guests made a clean sweep of nearly everything edible, while the candy and work stall was quite early sold out. The convenors of the various committees were: Candy and Fancywork, Mrs. Hogan, Miss Hogan; Refreshments, Mrs. Walton Sharpe, Mrs. Jno. Newick; Work, Mrs. W. W. Anderson; Shamrocks, Mrs. J. C. K. Sealy.

Only Stock Transfer

During the past few days J. Tretheway has purchased the shares in the Sunrise mine which were held by Gus Rosenthal, one of the original stakers. As stated in these columns some time ago, W. S. Harris and J. Tretheway have a lease on the Sunrise and have plans for its development as soon as weather conditions will permit men to work on the mountain. The purchase of Rosenthal's stock by Tretheway will in no way affect the development of the mine and the original plans will be carried out. Neither does the transfer of stock in any way affect the management of the Sunrise Mining Co.

OVERHEARD AROUND NEW HAZELTON

Not so bad as it looked, after all, is it?

J. Morrison's warbride arrived from England recently and they are living in Prince Rupert until the roads are in shape so they may move to their ranch.

The Trail Rangers and C. G. I. T. will put on a social evening in the church on Friday evening, April 6th. The youngsters promise something good.

Sleighting is done and the roads are drying up in good shape.

Rev. T. E. Ferrier returned to his home in Brandon on Saturday morning.

A St. Patrick's social was held in the schoolhouse last Saturday evening. A number of the children sang several Irish songs and then a number of games were played until refreshments were served.

WHERE HISTORY WAS MADE

Thanks to the Canadian National Parks Commission scores of landmarks in Canada are being preserved from decay. Among them is the historic fort at Ile aux Noix, on the site of the first encounter between red and white men for the possession of Canada. The Island was named by Champlain in 1609. The present fort is very extensive, though now obsolete and maintained only for its historical associations. It is situated 12 miles below Lake Champlain and 10 miles from the U. S. border, and is now known as Fort Lennox.

Realizing Our Value

The business men of Prince Rupert are beginning more fully to realize the importance to them and to the future growth of their city the development of the great interior country along the Canadian National Railway. Many of the business men are planning trips into the interior, not on one-day holiday trips, but real business visits, in order to get acquainted with the people and the resources of the interior. They realize that the interior must be developed before Prince Rupert can become the city it is destined to become in due course. One of the main charges given the deputation from Rupert now in Ottawa was to urge upon the Dominion government the necessity of greater immigration to the Northern Interior of British Columbia, both of settlers and of capital. This policy has for a number of years been advocated by this paper. More people and greater production is the only way in which prosperity can be secured. We wish the Prince Rupert people the best of luck.

A Sign of Spring

Spring has come—nearly. The old bear and the old grouse are roaming the thoroughfares. The world is upside down and never can straighten out; the governments are all rotten; why aren't there men working on the roads; guess there ain't goin' to be no ferries nor bridges put in this year; if we don't get some mines pretty soon this will be a good country to get out of; I ain't had no sleep since yesterday and no grub but a saucer of mush since this mornin' and I ain't agoin' to eat nothin' agin till t'night just fer spite—think I'm going work twenty-four hours a day and git nothin' fer it they's crazy, etc., etc. To all who feel and act and talk as above we can only say goodbye. The country will be well rid of you.

To Meet at Jasper

On June 8th and 9th the Alberta and the British Columbia and Yukon Territory Press Association will hold their annual convention at Jasper and in addition will perform the "house-warming" act in connection with the new tourist hotel which will be opened then by the Canadian National Railways. The railway company is making great preparations to entertain the press in royal style.

Get on Voters' Lists
New Voters' Lists for the

province are being prepared and for New Hazelton C. H. Sawle has been appointed commissioner for taking applications to get on the voters' lists. Anyone not on the list should apply at once to have his or her name included with the voters. There is every reason to believe that at the next session of the legislature to be held in the fall a redistribution bill will be passed and the allotment of seats will be based on the number of voters. It is therefore most important that every qualified voter should be on the lists. There is no use delaying. Call at the Herald office and get on the voters' list.

An Appreciation

In his eulogium on Dan McGregor at the funeral service, Rev. T. J. Marsh told one or two incidents illustrating the kindly character of the deceased which are worth repeating.

Referring to the faithfulness which Dan always showed to his friends he said that whilst on the field of battle with his regiment Arthur Carr, another well-known local man, was badly hurt with shrapnel. Seeing this, Dan went to his assistance and at great risk and with much labor he carried him two miles back to where his injuries could be attended to.

In the year 1911 he, Mr. Marsh, was stricken with typhoid, and had to be removed from Kitsumkalum, where he then lived, to Kitselas, in order to be near a doctor. Although then foreman of the tie camp, Dan was most anxious to throw up his work and devote himself to nursing his minister and only the insistence of the medical man prevented him doing so. But on two occasions he walked the whole distance (eleven miles) to Kitselas and back to visit his sick friend.

Dan was for two years soloist with the renowned Billy Sunday, evangelist, and took considerable interest in musical matters in the town and especially in the way of helping church services, his talents being always to be had for the asking.

DR. G. F. BANTING

Whose discovery of insulin, a serum for the cure of diabetes, has brought unqualified approval and praise from medical men on both sides of the Atlantic. He has already had amazing results in treatment of diabetic patients. A movement is on foot in the Ontario parliament to provide him with a substantial income to set him free for at least ten years for unrestricted research work.

Miss Allan spent the week-end with friends in Smithers.

Emery Barger and family spent Sunday at Carl Wakefield's.

V. Conn was a visitor in Smithers last week.

A sleighload of the neighbors went up to Smith and Wilson's on Saturday evening and made them twice glad. A social evening was enjoyed, but the sad feature of the evening was lack of capacity to properly attend to the eats, everyone present did their best, but had to stop before half through the program.

Most of us no doubt think we have plenty of troubles and few luxuries, but we can all be thankful that it is no worse. Some of our neighbors would no doubt gladly exchange places with us, particularly were they burned out one of these cold mornings and had to travel to a neighbor's with only scanty clothing. The home of Chas. Neale was burned on Wednesday morning. Mrs. Neale was alone with the baby and only saved it and the clothes on her back. Mrs. Neale is in poor health and only recently returned from the hospital. Mr. Neale is away teaching school. We trust the shock and exposure may not prove too much for her. That our sympathy will be expressed in a substantial manner is a foregone conclusion.

Forestdale

The Rev. E. Bruce Cousius, of Topley, held his regular service in the hall last Sunday.

Matt. Hutter, of Palling, gave the Forestdalers the once-over, renewing old acquaintances.

Mrs. Wm. Clarke is on the sick list this week.

The dance given on the 17th in the hall, in honor of Mr. and Mrs. E. Twadell, was a great success, and everyone present thoroughly enjoyed the occasion.

Forty natives, with their teams of horses, arrived in Forestdale on Sunday. The hall was thrown open to the natives, who whiled away the time and chased dull care by dancing and in the other amusements provided. We'll say they had a good time. A number later left for Burns Lake, and the citizens of that town provided a free hall, music, dance and a lunch.

J. A. McDonald, tie inspector, left for Topley on Sunday morning's train.

Burns Lake

John Bostrom, John McLean, Frank Keefe, Harry McLean, Geo. Culp, Sandy Owens and O.

Hamre were Burns Lake visitors from Francois points, last Tuesday.

Dr. John Marsh was on the sick list for several days.

Dittmer & Robb have moved to their new hardware store on Main Street. The building is equal to any in the north and is a credit to the town.

One hundred natives gathered in Ruddy Hall last Monday, and were accorded the freedom of the city by the residents, who provided varied entertainment for the visitors. The natives came from all directions, from the east as far as Stony Creek to Hazelton in the west, and from Babine in the north to Big Ootsa in the south.

Ira Short has returned from a visit to Seattle.

Const. Carr made an official visit to the Lakes country last Monday.

A. Brown will take charge of the drug building, adding to the building progress of the town.

Phil. Brunell and Fred. Fraser are building on their lots here.

Mrs. Yohn left for Prince Rupert on Saturday.

Ed. Sullivan went down to Smithers on Saturday's train.

John Willman returned from a trip to Rupert on Wednesday.

James Darby has returned to town after an absence of three weeks in Portland.

Mrs. Thos. Shackleton has arrived here to be with her husband and will occupy the Betherum residence until Cordillera hotel is completed.

On Tuesday morning while E. F. Doby, manager, Sulley, Douglas and Taylor were crossing the river on the Kleanza tram the cable parted and let the carriage drop near the centre of the river. Fortunately no one was injured.

A.H. Edwards of the Hayward Lumber Co., arrived from Edmonton this week to look over the saw mill with the view of resuming operations.

Bishop at Hazelton

The Most Rev. F. H. DuVernet, Archbishop of Caledonia, was the guest of Rev. and Mrs. Proctor for several days this week and last. On Saturday evening he addressed a meeting of the natives in their hall on the hill, at which the feature was the singing by a number of Indians of a hymn taught them by the late Rev. J. Field and rendered in their native tongue. On Sunday his Grace occupied the pulpit in St. Peter's Church at the regular services. The morning service, at which Miss Inez Smith was heard to advantage in a vocal solo, and at which the girls' choir sang effectively, was followed by a confirmation service administered by the Archbishop upon a number of adult natives.

Farmers who are able to do so can thus assist in colonization work by engaging help by the year. The commercial men who hope

The 20,000 (not millions, please)

Card of Thanks

Dr. Winch and family take this opportunity of conveying their most sincere and heartfelt gratitude to the very many friends who, in so many ways, gave expression to their sympathy with them in their bereavement.

The sadness of this experience has been softened, and if it were possible would have been entirely effaced, by the memory of this wonderfully kind and spontaneous expression of appreciation and esteem of the one who has just passed out of our present associations into the higher life.

improvised gun carriage for conveyance to the cemetery at Kitsumkalum by pallbearers representing the Veterans. These were Messrs. S. Creelman, E. S. Cole, E. W. Baker, N. Sherwood, C. N. Brewer and R. Beecher.

In spite of most inclement weather about 100 people gathered at the secluded cemetery for the final ceremony. Rev. Mr. Marsh read the committal service of the church and Rev. J. H. Young and Mr. Fowler that of the Oddfellows, the members of which body deposited evergreens on the coffin and sang "Nearer My God to Thee."

The pallbearers at the grave represented the Oddfellows Lodge and were Messrs. C. A. Fowler, E. T. Kenney, L. H. Kenney, F. C. Bishop, F. Mills and S. A. Kircaldy.

Floral offerings were sent by the employees of Little's mill, the G.W.V.A. of Terrace, the G.W.V.A. of Prince Rupert, the I. O. Oddfellows of Terrace, Mr. and Mrs. G. Little, Mr. and Mrs. A. H. McCloud, Prince Rupert, Mrs. Greig and family, Terrace, Mr. and Mrs. Robert McKay, Prince Rupert, Dr. and Mrs. Bleecker, Mr. and Mrs. Murdock Smith, Mr. and Mrs. A. H. Swain.

It adds to the sadness of the death of one so esteemed to remember that his widow is at present in England under treatment for a somewhat serious breakdown. The sympathy of the whole community goes out to the bereaved.

METEORIC ASCENT IN MOVIE WORLD

Kenneth J. Bishop, brother of F. C. Bishop, who owns and operates the Terrace picture house, is now a member of the firm known as the H and B Film Company, motion picture producers and distributors, with headquarters at Los Angeles, Cal.

This firm is now producing a series of high-class outdoor photodramas, featuring Cliff Smith and Eileen Sedgwick, two well-known picture stars. The company has leased the entire Bronx studio of Los Angeles and will add other producing units from time to time.

Mr. Bishop is the active member of the company, acting as production manager for the working units and as general sales manager for the distributing department. Before entering on this business Mr. Bishop toured the country, visiting New York, Chicago and other key cities and building up the connecting links for the company.

It is said that Mr. Bishop's sudden rise to prominence is one of the most remarkable known to the picture industry in recent years. He arrived in Los Angeles eighteen months ago, entirely unknown, and with his wife and two-year-old baby, has taken up a permanent residence in Hollywood.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$500 per claim, and records same each year.

Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions, and surveying land.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessable by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emption are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for 5 years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from August 1 to March 31, 1922.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole or original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner.

Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form associations for range management.

Free, or partially free, permits for settlers, campers or travellers, up to ten head.
